DIFFERENT KINDS OF VISION— Part 5...Perfect Vision by Bob Burroughs

Part 1—No Vision

Part 2—Blurred Vision

Part 3—Double Vision

Part 4—Tunnel Vision

Part 5—Perfect Vision

There are people, thank goodness, who seem to have **perfect vision**.

These are people in your church and in the music ministry who still believe in God's calling and hold upon their lives...who enjoy to the fullest their high calling in Christ to be creative... Innovative...and on the cutting edge of life and family and ministry.

These people actually enjoy dreaming, thinking and planning for the future. They like to be right in the middle of

creativity. They see the unique challenges of doing something in a fresh, new way... regardless of what has gone on in the past. They look toward tomorrow and the possibility of change—not for the sake of change—but for the benefits of what the change might bring to their lives and programs. They enjoy seeing people come to know Christ, to see a renewal of their lives to God, as a result of their particular ministry.

People with **perfect vision** are continually keeping ahead of the crowd. They are always looking to the future...to

see what can help make their ministry more meaningful and relational. **So...what about the future of your church and the music ministry?** Is it succeeding? Is it meeting the needs of God's people?
