

What is Genuine Worship? By Rob Hewell

1. Causes us to think eternally...when it's easier to think temporally.
2. Reminds us of our limitations...when we prefer to be reminded of our strengths.
3. Leads us to God's higher standards...when our own personal standards may suit us just fine.
4. Calls us from our sins...those we hate as well as those of which we more-than-tolerate.
5. Asks us to be silent...when we may prefer to hear the noise of our own voices.
6. Gives us reasons to work and be about the Father's business...when we may desire leisure.
7. Highlights His agenda...and diminishes our own. And...
8. Differentiates us from unbelievers...while they cry for us to be more like them.

What are your thoughts about genuine worship?

When are the times when you truly had genuine worship lately?

How can you experience that more often?

Worship is not about the PLACE! It is about the PERSON!
